Cargo Services: Industry Stepchild or Driver or Economic Growth and Deregulation?

Sheraton Grand Doha Resort & Convention Hotel, Salwa Hall

Cargo services often are given less attention than passenger operations. Yet, air cargo serves as a lifeline for nations such as Qatar and also provides the foundation for the global supply chain. Yet, the nature of the cargo business demands operational flexibility and liberal operating rules to meet the needs

China govt admits ‘shortcomings’ in outbreak response

China’s top leadership yesterday admitted “shortcomings and difficulties” in its response to the coronavirus outbreak and the government said it “urgently” needed medical supplies to battle the outbreak which has killed more than 360 people.

The comments came as the number of deaths were confirmed yesterday as the single-biggest daily increase since the virus was detected late last year in the central city of Wuhan, where it is believed to have spread from animals at a market.

The virus has since spread to more than 20 countries despite governments imposing unprecedented travel bans on arrivals coming from China.

Chinese authorities have imposed unprecedented travel bans on arrivals coming from China.
Epidemic is a major threat to global trade

WHAT CAN FIT WITHIN AFRICA'S 30.2M KM²
Market share in EU – 31%

Overview

International market share in the international flower markets, Kenya is the largest supplier to the EU representing 31% of their imports. The major market for Kenyan flowers is Holland with 69% of all the Kenyan flower exports through the Dutch auctions. Kenya has become the European Union’s biggest source of flower imports and overtaken Israel as market leader. It has a 25% market share,
